

Dear Parent/Carer,

This year your child will undertake two terms of Design & Technology and two terms of Food Prep and Nutrition. We continue to work hard to develop relevant and engaging schemes of learning where pupils are able to manufacture outcomes to be proud of, and cook expert dishes. For us to do this, we are asking for a one-off £6.50 contribution towards materials and ingredients for the year. £5 of this will go towards D&T materials and £1.50 will go towards sundries provided in Food Prep and Nutrition e.g. butter, oil.

Your contribution would allow us to offer a broader, hands-on and relevant practical curriculum in D&T. Having the extra funds would allow us to:

- Avoid charging pupils per individual project
- Purchase the most suitable materials which students can create commercially viable products with
- Continue to develop CAD/CAM (Computer Aided Design and Manufacture) in school

We are passionate about our new curriculum and would appreciate your support. Contributions can be made via ParentPay.

If you have any questions, please contact me at hlichfield@stm.srscmat.co.uk.

Thank you,

Mrs H. Lichfield
Head of Technology
